

Configure the Aggregate Settings

Pg. 1 of 1

An EIDSS user with the appropriate permissions can define the settings for managing the collection of events in a single aggregated event in the database. This quick guide presents the steps to configure the aggregate settings.

- From the **EIDSS Dashboard**, choose **AGGREGATE SETTINGS** from the **CONFIGURATIONS** drop-down menu. The **Aggregate Settings** screen appears.

- Choose an **Administrative Level** from the drop-down menu for each **Aggregate Case Type** you wish to configure.

Row Count	Aggregate Case Type	Administrative Level	Minimum Time Interval
1	Human Aggregate Case	Region	Month
2	Vet Aggregate Case	Country	Quarter
3	Vet Aggregate Action	Rayon	Quarter

Submit

- Choose a **Minimum Time Interval** from the drop-down menu for each **Aggregate Case Type** you wish to configure.

- Click **Submit**. A confirmation dialog box appears.

- Click **Save Changes**. A pop-up appears confirming successful configuration of the aggregate settings.
