

Search for a Sample

Pg. 1 of 2

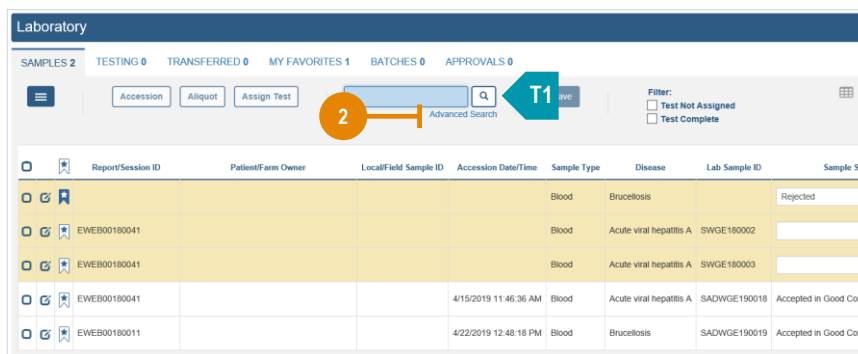

An EIDSS user with the appropriate permissions can locate samples in the database. This quick guide presents the steps to search for a sample.

1. From the **EIDSS Dashboard**, choose the desired tab from the **LABORATORY** drop-down menu. The **Laboratory** screen appears with the chosen tab open.

2. Click **Advanced Search**. The **Advanced Search** window appears.

Tip 1: To perform a basic search, enter a parameter in the text box and click the **Search** icon.

Search for a Sample

Pg. 2 of 2

3. Enter as much information as possible about the sample for which you are searching.

Tip 2: To close the window without saving entered information, click **Cancel**.

Tip 3: To delete entered information, click **Clear**.

4. Click **Search**. The **Laboratory** screen refreshes displaying the samples that match your search criteria.
