

Delete a Veterinary Active Surveillance Session

Pg. 1 of 3

An EIDSS user with the appropriate permissions can remove active surveillance sessions from the database. This quick guide presents the steps to delete a veterinary active surveillance session.

- From the **EIDSS Dashboard**, choose **ACTIVE SURVEILLANCE SESSION** from the **VETERINARY** drop-down menu. The **Veterinary Active Surveillance Session** screen appears. **Note:** Before a session can be deleted, all associated aggregate records, detailed records, disease reports, tests, and samples must be removed.

Tip 1: To delete a session linked to a campaign, you can also search by choosing **ACTIVE SURVEILLANCE CAMPAIGN** from the **VETERINARY** drop-down menu.

- Enter as much information as possible about the session you wish to delete. **Note:** Partial entry is acceptable for the **Session ID**.

Tip 2: To navigate to the desired date, click a **Calendar** icon and then the **Select Month > Select Year > Select Decade** bars at the top of the calendar.

Tip 3: To return to the previous screen without saving entered information, click **Cancel**.

Tip 4: To delete entered information, click **Clear**.

- Click **Search**. The **Search Results** appear.

Delete a Veterinary Active Surveillance Session

Pg. 2 of 3

Tip 5: To revise the **Search Criteria**, click the **Show/Hide** icon, make the necessary changes, and click **Search**.

Tip 6: To view additional information, click the **Show/Hide** icon next to the desired session.

- Click the **Session ID** corresponding to the desired session. The **Veterinary Active Surveillance Session** screen appears displaying all sections of the session.
