Configure the Species Type–Animal Age Matrix
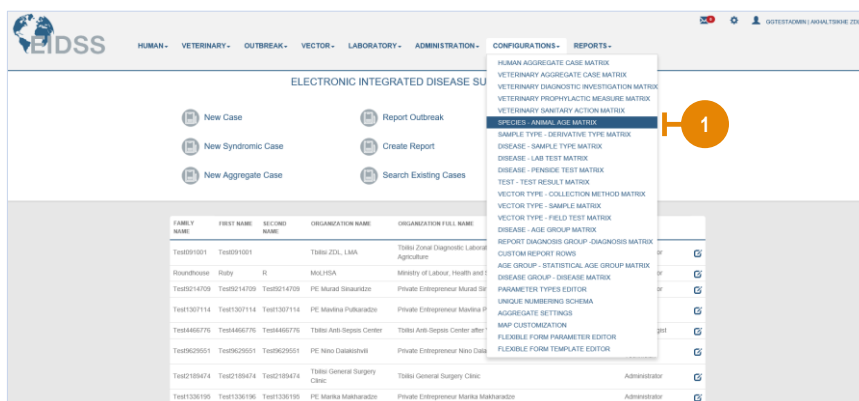

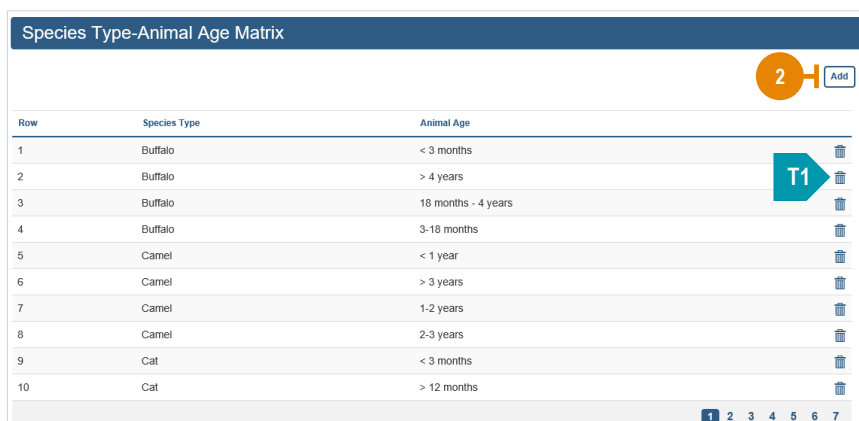

An EIDSS user with the appropriate permissions can manage the list of animal ages specified by species in the database. This quick guide presents the steps to configure the Species Type–Animal Age matrix.

1. From the **EIDSS Dashboard,** choose **SPECIES – ANIMAL AGE MATRIX** from the **CONFIGURATIONS** drop-down menu. The **Species Type–Animal Age Matrix** screen appears displaying any existing **Animal Ages.**

Tip 1: To delete a row, click the corresponding **Delete** icon and click **Yes** on the dialog box that appears.
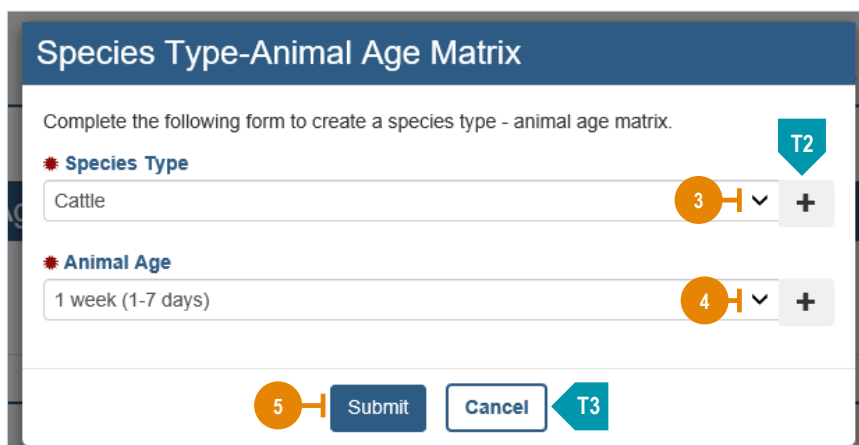

2. Click **Add.** The **Species Type–Animal Age Matrix** window appears.

3. Choose a **Species Type** from the drop-down menu.

4. Choose an **Animal Age** from the drop-down menu.

Tip 2: To add a new option, click the appropriate **Add** icon, complete the window that appears, and click **Submit.**

Tip 3: To delete entered information and close the window, click **Cancel.**

5. Click **Submit.** A pop-up appears confirming successful configuration of the matrix.
