# Delete a Vector Surveillance Session

An EIDSS user with the appropriate permissions can remove surveillance sessions from the database. This quick guide presents the steps to delete a vector surveillance session.

1. From the **EIDSS Dashboard,** choose **SURVEILLANCE SESSION** from the **VECTOR** drop-down menu. The **Vector Surveillance Session** screen appears. **Note:** All field tests and samples within detailed collections; detailed collections; aggregate collections; and outbreak associations must be removed before a session can be deleted.

2. Enter as much information as possible about the surveillance session you wish to delete. **Note:** Partial entry is acceptable for the **Session ID** and **Field Session ID.**

   Tip 1: To navigate to the desired date, click a **Calendar** icon and then the **Select Month > Select Year > Select Decade** bars at the top of the calendar.

   Tip 2: To return to the previous screen without saving entered information, click **Cancel.**

   Tip 3: To delete entered information, click **Clear.**

3. Click **Search.** The **Search Results** appear.

Delete a Vector Surveillance Session

Tip 4: To revise the **Search Criteria**, click the **Show/Hide** icon, make the necessary changes, and click **Search.**

Tip 5: To view additional information, click the **Show/Hide** icon next to the desired session**.**

4. Click the **Session ID** corresponding to the desired session. The **Vector Surveillance Session** appears displaying all sections of the session.
